

[Journal of Urology Case Reports and Nephrology Images](#) publishes clinical images in Urology, case reports in Urology, clinical images in Nephrology, case reports in Nephrology, videos in Nephrology, videos in Urology etc. Nephrology is the branch of medicine concerning with the study of normal kidney function, kidney problems, the treatment of kidney problems and renal replacement therapy. Urology is the branch of medicine that deals with the functions and disorders of the urinary system.

Nephrology is a branch of internal medicine and pediatrics that deals with the functioning of kidney, while discussing kidney diseases, preventive and therapeutic measures in overcoming them. Journal of Nephrology & Therapeutics peer reviewed medical journal that fields related to Kidney diseases, including glomerulonephritis, tubular diseases, electrolyte disturbances, and hypertension. It discusses therapeutic strategies like Dialysis, Hemofiltration, Diabetic Nephropathy, Renal Replacement Therapy, Transplantation etc. It covers several aspects of Renal Diseases, End-Stage Renal Diseases, Acute Kidney Injury, Glomerulonephritis, lupus nephritis, Dialysis, Renal Transplantation, Kidney Surgical Complications, Renal Cancer, Kidney Neoplasms, Renal Necrosis, Nephrosclerosis, Renal Impairment, Kidney Failure, etc. Nephrology involves medical treatment of kidney diseases and conditions. This may entail working with other areas of the body that also are influenced by the kidneys. Kidney problems can cause electrolyte imbalances in the bloodstream, resulting in serious symptoms including excess fluid in the tissues, mental confusion or irregular heartbeat. Clinical nephrology also can help patients who have high blood pressure, because hypertension can be destructive to the kidneys.
